Subject: Conversation with Potokar, Steven

Potokar, Steven 1:44 PM:

do you know a water well person that can talk sampling that may be available this afternoon. Want to go outside my region

Potokar, Steven 1:44 PM:

region.

Potokar, Steven 1:44 PM:

maybe an epa expert with well testing especially cafo contamination with Kewanee county

Potokar, Steven 1:45 PM:

1. How to do testing? (general questions – Run water for x minutes take the sample from faucet)
2. How do you make sure there is not contamination from pipes? From holding tanks?

Eunice and Steph,

How do you do sampling for qPCR analysis and PhyloChip on drinking water wells?

Potokar, Steven 1:47 PM:

in meeting will call you

Burdett, Cheryl 1:47 PM:

I am not sure if we have water well expert in Well sampling for CAFO contamination. I can provide you a name of a UW Professor who has been conducting a study in Kewaunee, WI and Mark Borchardt or Joseph Janczy is our drinking water person, who is very familiar with the well testing that is being done in Kewaunee.

Burdett, Cheryl 1:48 PM:

That is all information I need to find out for my QUAPP before I go up there.

Burdett, Cheryl 1:49 PM:

To Central Sands Dairy

Burdett, Cheryl 1:49 PM:

Ok

Potokar, Steven 1:49 PM:

Thanks.
